LUDLUM

HMC-Supervision Software

Central supervision of the monitors

Web-based software that brings the status of Ludlum body contamination, laundry and waste monitors together in one place. The instruments are shown on a map with their status and operational readiness, and alarms can be received remotely in real time.

Compatibility

Body contamination, laundry and waste monitors made by Ludlum in Hamburg [1]

Functions

Device overview on a map, monitor and site status, and a remote live desktop for alarms [1]

Access

Web-based central service [1]
