# K0047 elektrokemisk cell

## Electrochemical cell

K0047 elektrokemisk cell – electrochemical cell from AMETEK Scientific Instruments.

| Cell format | perating volume | Sample and application |
|---|---|---|
| **Corrosion cell** [1] | **1 L** [1] | **Cylindrical corrosion samples; flat samples with K0105** [1] |

## Specifications

| | | |
|---|---|---|
| Cell format | Corrosion cell | [1] |
| perating volume | 1 L | [1] |
| Sample and application | Cylindrical corrosion samples; flat samples with K0105 | [1] |
| Counter electrode | Graphite | [1] |
| Reference electrode | SCE | [1] |
| Flat sample-holder option | K0105 | [1] |

Every value is taken from the manufacturer's own document; the number after the value refers to the source list. Always check against the latest datasheet before ordering.

The data comes from the manufacturer's published documents. Manufacturers may change specifications; the current configuration and performance are confirmed in the quotation.
