K0307 elektrokemisk cell

Electrochemical cell

K0307 elektrokemisk cell – electrochemical cell from AMETEK Scientific Instruments.

Cell format	Operating volume	Sample and application
Tait cell [1]	**≥80 mL** [1]	**Flat corrosion samples** [1]

Specifications

Cell format	Tait cell	[1]
Operating volume	≥80 mL	[1]
Sample and application	Flat corrosion samples	[1]
Reference and counter electrode	Hastelloy C-276	[1]
Exposed sample area	32 cm²	[1]

Every value is taken from the manufacturer's own document; the number after the value refers to the source list. Always check against the latest datasheet before ordering.

The data comes from the manufacturer's published documents. Manufacturers may change specifications; the current configuration and performance are confirmed in the quotation.
