VersaCAM VSC-CAM

Electrochemistry accessory

VersaCAM VSC-CAM – electrochemistry accessory from AMETEK Scientific Instruments.

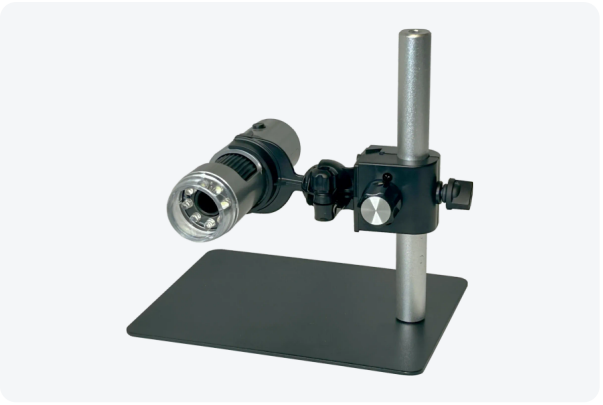

Image sensor	Pixels (H × V)	Magnification, 24-inch monitor
1/4-inch color CMOS [1]	**2592 × 1933; 5 MP** [1]	**10×–200×** [1]

Specifications

Image sensor	1/4-inch color CMOS	[1]
Pixels (H × V)	2592 × 1933; 5 MP	[1]
Magnification, 24-inch monitor	10×–200×	[1]
Working distance at 10×/20×/30×/40×	190 / 82 / 43 / 26 mm	[1]
Adjustable LEDs	8 SMD LED	[1]
Communication	USB	[1]

Every value is taken from the manufacturer’s own document; the number after the value refers to the source list. Always check against the latest datasheet before ordering.

The data comes from the manufacturer’s published documents. Manufacturers may change specifications; the current configuration and performance are confirmed in the quotation.
